# FROM THE PRESIDENT

## **Dear Students:**

Whenever I prepare a message for a yearbook I am conscious of the fact that it may get read many years from now, long after memories of St. Michael's have begun to fade and perhaps long after some of us are dead and gone!

This realization leads me to reflect on what is truly important and lasting. I am convinced that a truly successful life is one that is lived in peace with oneself and with the world.

We are successful if we learn to accept and love life on life's terms, to accept and love ourselves as we are and as God has known us and, in turn, to accept and love others both those with whom we are intimate and those who are strangers to us.

There are distractions and obstacles to acceptance and love but we have the tools of prayer, scripture and sacraments to help us to overcome these challenges and to get on track.

My wish for you is when you read this you are experiencing the joys of a life lived in God's peace.

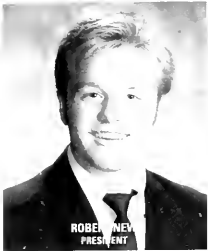

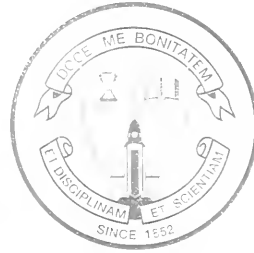

With blessings and prayers always,

**Fr. Joe Redican CSB  
President**

**A**nother year has come and gone and congratulations to the student government have been well earned. The student government is composed of elected representatives from each grade and is responsible for improving school spirits and relationships both inside the school and within the broader surrounding community. Under the leadership of highly experienced senior members and energetic newcomers alike the student government worked long and hard to make all the events of the year memorable. The 2005-2006 year was kicked off with the Thanksgiving and Christmas food drives, our first dance, and climaxed with Christmas in the Courtyard. The New Year began

quietly but picked up with two more dances, the track barbeque, "freeze frame", the "high five drive", and rock night. All the dances were well attended and everyone left in high spirits. During the two food drives countless hours were spent by the student government and volunteers alike to gather, sort and package food and toys for the needy. At Christmas, in the Courtyard the St. Michael's community came together in prayer and celebration. This was also the first year of the "high five drive", which helped bridge the gap between the older and younger students. The student government would like to thank all the student volunteers, school staff, parent volunteers, and all who attended the events for making this year truly memorable.

APRIL 13 1943 - JANUARY 7 2006

The St. Michael's College School community has been deeply saddened by the passing of Patricia Boland on Saturday January 7th. Over the last twelve years, Pat had been the school Librarian, teacher, coach, colleague, and friend to the St. Michael's community. Ms. Boland will be deeply missed.

Prior to joining the St. Michael's community, Ms. Boland had an outstanding career in sports especially in basketball. Pat's athletic career included playing for the University of Manitoba, Women's Athletic Director at the Loyola College/Concordia University, accomplished sports journalist, CBC Basketball commentator, and manager of the 1984 Canadian Olympic women's basketball team.

She was also a member of two halls of fame, as a builder at Concordia and as a basketball player in the Manitoba Sports Hall of Fame.

"I love it at St. Mike's", said Ms. Boland in a 2004 edition of The Vision. "St. Mike's is a wonderful, caring and stimulating community. I feel blessed to have found a home here."

A memorial service and reception was held at St. Michael's on Thursday, January 12th.

-THE VISION

ACTIV

This year, the Anime Club watched and examined numerous works of Anime done by Japanese artists. Anime is an art style that has been around since the mid 80s, and it has been popular ever since. Anime has many types of styles that many consider an art form. Not only were shows and movies watched, the participants also drew and sketched their own characters. This year's club proved to be another successful year with the boy's positive attitudes and creative minds, we hope that this same success will continue in the future.

The Art Club was very fortunate under the direction of Mr. John and Mrs. Tipton. After school we enjoyed and accomplished various tasks such as paintings, wood carvings and the Music Show over time a great success and further developed students' artistic skills as well as creative and imaginative abilities. Also, the Art Club displayed a wide range of their artworks in the annual Art Show. All in all, this year's Art Club was a growing experience both artistically and imaginatively.

Anime Club Class, Angus Way

The Blue Herald took a new spin on the student newspaper this year, completing only one issue and releasing it days before the Christmas Exams. The issue's headline article was Sean O'Loughlin's "Student Government: Undemocratic?", in which the Student Government was bashed for not having an elected leader. Ironically enough, next year's Blue Herald staff will be working in conjunction with the Student Government to put out a monthly Podcast, and a website based on student interests. Have we lost all hope? Next year's Blue Herald is one you're not going to want to miss!

Missing from the photo: Matthew Lambert, Joseph Zentil, Zevon Liu, Phaedra...

Second Row: Mr. Callaghan, Grant Gonzales, Mark Bronsawka

The Blue Oracle is the grade seven and eight newspaper of St. Michael's. The newspaper allows the younger minds to write about what interests them. Because the Blue Herald is geared toward students grade nine and older, the Blue Oracle gives more opportunities for more of the younger students to get involved at St. Michael's. The Blue Oracle came out with its first issue in Spring 2006, and be prepared for more in the future.

This year's Briscola Club was very nice, moderated by Mr. G. Di Leo. This club demonstrates the strength of Italian Spirit present in the yellow brick walls of Saint Michael's College School. The Briscola card game is very intense, requires a high level of concentration and a high level of strategic planning between the team members. The winners of this year's tournament were great demonstrators of this profound skill. The Briscola Club will start up again in the upcoming year, we hope to see you and your partner there!

Mr. Di Leo, Michael Pace, Andrew Kant, Paul...

This year's Chess Club, mentored by Mr. Bloomer, saw a large influx of members compared to previous years (three, to be exact). Directly after first period, members of the Chess Club would meet in room 12 and frantically wait for Mr. Bloomer to take out the chess boards. This year would go on record to have an average number of members, allowing for a quick game of Rock Paper Scissors to see who will be the odd man out. Photographed right, Andrew Brown had to play chess against himself. The only plus side in this situation is that "Everyone is a winner!". Thanks to everyone who came out for an incredible season, and never forgot: "There ain't no party like a chess club party".

Third Row: Andrew Brown  
 Second Row: James Day, David Ronan  
 First Row: Michael Tedesco, Phillip Nicholson

The St. Michael's College School Choir gives students a chance to show the student body and school staff how great their singing voices are! Under the direction of Fr. Zinger, the choir performs at school masses throughout the year. Each time outdoing the previous performance the choir continues to improve. The choir continues on this year singing wonderful music, and welcomes students who are strong singers to join and have fun!

Back Row: [unreadable]  
 Front Row: [unreadable], Kevin Chu, Justin [unreadable]

For the past several years St. Michael's students have been working in elementary schools located in needy areas of Toronto. This past year 56 students participated in the Outreach Program at Winchester Public School and Holy Rosary Elementary School where they tutored students in grades 3-7 every Monday and Tuesday after school for 90 minutes. Classes focused on literacy skills, reading and writing, mathematics, and homework completion. St. Michael's tutors also used educational games like Pictionary, Scrabble, Chess, and Checkers to help students develop their thinking skills. In the 2005-2006 school year, St. Michael's students donated over 1400 hours to this valuable program. They are to be commended for generously sharing their academic gifts.

Second Row: Giovanni Aialto, Peter Pastalero, John Bibbly, David Biondi, Robert Vachon, Michael Lee, Matthew Piazza, Saleh Rowflet, Michael Vetic, Adrian Tong, Paul Pansino  
 First Row: Mr. Fischer, Carlo Villacci, Domenico DeFrascisco, Mark Broncosko, Frank Scaglia, Chris Rowland, Jasno Saldauka, Michael McDonough, Sebastian Blawie

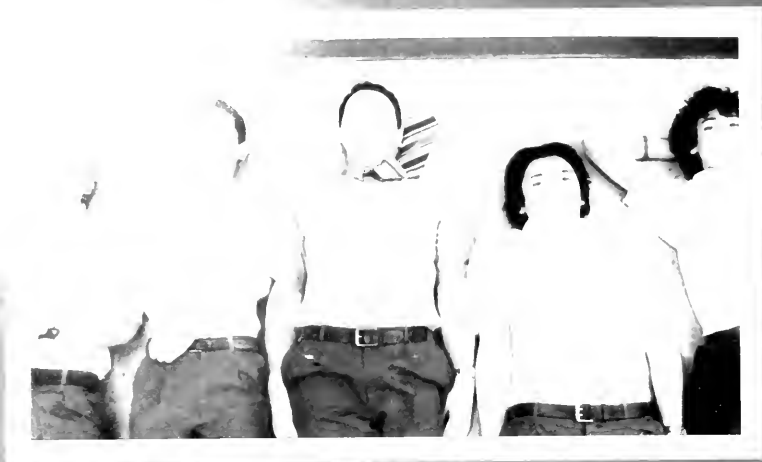

The St. Michael's Computer Programming Club is moderated by Mr. Shast and is geared towards the education and wisdom of computer programming. In the club, students are taught the fundamental knowledge of how to create simple and complex computer programs. A series of contests are held for the students and the top five combined scores of the St. Michael's students determine whether they are invited to the All-Star Competition or not. St. Mike's has had the honour of competing in the contest almost every year since the club first entered 12 years ago.

The Critical Film Society is a student-run organization dedicated to screening important motion pictures and encouraging discussion and analysis of them. The Society meets weekly to go through various films. Dr. Bednarski moderated this club in his final year teaching at St. Michael's.

Third Row: Justin Modairas, Matthew Sartori, Alex Martin, ...  
 Second Row: Julian Sokol, Peter Milway, Stephen D'Amor, Elyse Clark, ...  
 First Row: Michael Reford, James Day, David Rosen, Adam Egberts, Dr. Bednarski

David Garcia, Grant Gonzalez, Mr. Vala, Mark Dromowka, Michael Scaia

Third Row: Peter Rilla, Peter Orban, John Wokan, Andrew Clowry, Jeff Brown, Francis Blach, Franklyn Thomsen/Wal, Robert Swann, Jeff Douglas, James Albin, Corrado Fayal, Joseph Minin, Nicholas Palfini, Tyler Pines, Alan Ng, Wojciech Starowski, Sean Brockmeyer, Alex Arline, Jeffrey Lee, Anthony Talar, Michael McDonough, John D'Albino

Second Row: Mrs. DeCurry, Anne Wong, Walker Klacum, Tony Chan, Juliana Piccoli, Franklin McDani, Bryan Damagayyan, Benjamin Ma, Frankie Moore, Patrick Lind, John Noveck, Spencer Hurley, Andrew Brundell, Courtney Herold-Son, David Garcia, Stefano Spagnoli, Thomas Cameron, Ronald D'Onofrio, Carlie Finn, Jonathan Baccella

First Row: Talisa Blotzky, John David Levine, Arsal Marzaki, Rafael Comas, Sara Sargent, Andrew Galante, Devia Brayley, Spencer Herveaux, Jacqui Siddons, Corina Hurley, Sebastian Simon, Nick Marston, Neil McCarthy, Grant Gonzalez, Peter Herveaux, Phil Chervak, Austin Charles

William Webb, Peter

Maria Morgio, Ms. Anna DiMoglia

Michael Manning, Alexander Morris, Andrew Bottomley, Aaron Fernandes, Brendan Scott, Jonathan Biscolla, Teras Blizniok, Jeffrey Royiwsky, Paul Chopsiuk, Dr. Bednarski

If improvisation and comedy are your fortes, then this club is for you. During the weekly gatherings, the improv club performed comedic improvised skits. Improvisation is a comedy form that requires the performers to act out skits or say jokes off the top of their heads. It is a challenging feat, yet these students were up to the challenge to deliver comedy of the highest standards.

The Italian Club is the main spreader of Italian culture throughout St. Michael's. Moderators Mr. DiLeo and Ms. Anna Di Meglio would agree that there are a fair amount of students of Italian descent, and so the Italian Club educates those who are of Italian background, and also those who are not. The Italian Club holds numerous events and meetings. Examples of events would be the Italian-style BBO, soccer games, and Briscola (Italian cards) tournaments.

*Young Men's Action Committee: Geoffrey Rodriguez, Anthony Zambini, Todd Adams-Nikola, Nic Lee, Cameron  
Lambert*

The Young Men's Action Committee (YMAC) is a student-led organization that provides a variety of services and support for the male community. YMAC was founded in 1997 and is currently active in the community. The organization provides a variety of services, including peer education, leadership training, and mentoring. YMAC also provides a variety of support services, including counseling and crisis intervention. YMAC is a proud member of the National Young Men's Alliance (NYMA) and is committed to providing a safe and supportive environment for all young men.

The Prefects serve the St. Michael's Community as student leaders, and as ambassadors for St. Michael's to the larger public community.

The photography and videography club teaches students about both subjects, making them better understand the mechanics behind each. The members learn a wide array of skills involved in these two areas. The club is not only an after school activity, it helps to gather and develop pictures for various school events, like Open Houses and the Athletic Awards Banquet.

Fr. Leo Burns, Elliot Barton, Grant Goncalves, Aaron Fernandes, Andrew Teresi, Alex Emery, Stephen ... Mr. Vella

The Junior Reach for the Top team consists of grade nine and ten students who want to expand their knowledge of facts from history and geography to music and films. Each week, students participated in intramural competition with a large variety of questions. There were other competitions that took place between schools, in which the Junior team was usually victorious.

The Reach for the Top team plays in a 16 team city league where school teams match wits with another in 100 question game packs. Questions run the gamut from history, art pop culture, sports, and geography.

# ST. LUCIA

For the past six years students from St. Michael's have been spending their March break helping out at the Basilian run mission in St. Lucia. The mission started thirteen years ago and serves the local people in a variety of ways. The two lay missionaries and a Basilian priest operate the local parish, provide material goods for those in need, and help train the local people for jobs.

This year fifteen St. Michael's students and two teachers carried this annual mission trip. With a generous donation from the government and funds raised by the students themselves, the group was able to bring approximately \$1500.00 worth of goods to the people of St. Lucia. While there, the students did a variety of things.

The mission trip is a unique opportunity for students to experience how others live in difficult and trying circumstances. It is also an opportunity to put their faith into action and to develop their own spiritual life. As a result, many students begin to appreciate their many blessings and begin to mature in their faith.

Completed a number of construction projects, organized an activity team for elementary students, and participated in spiritual exercises. The work that the students accomplished is both a valuable contribution to the mission and much appreciated by the missionaries and people of the area.

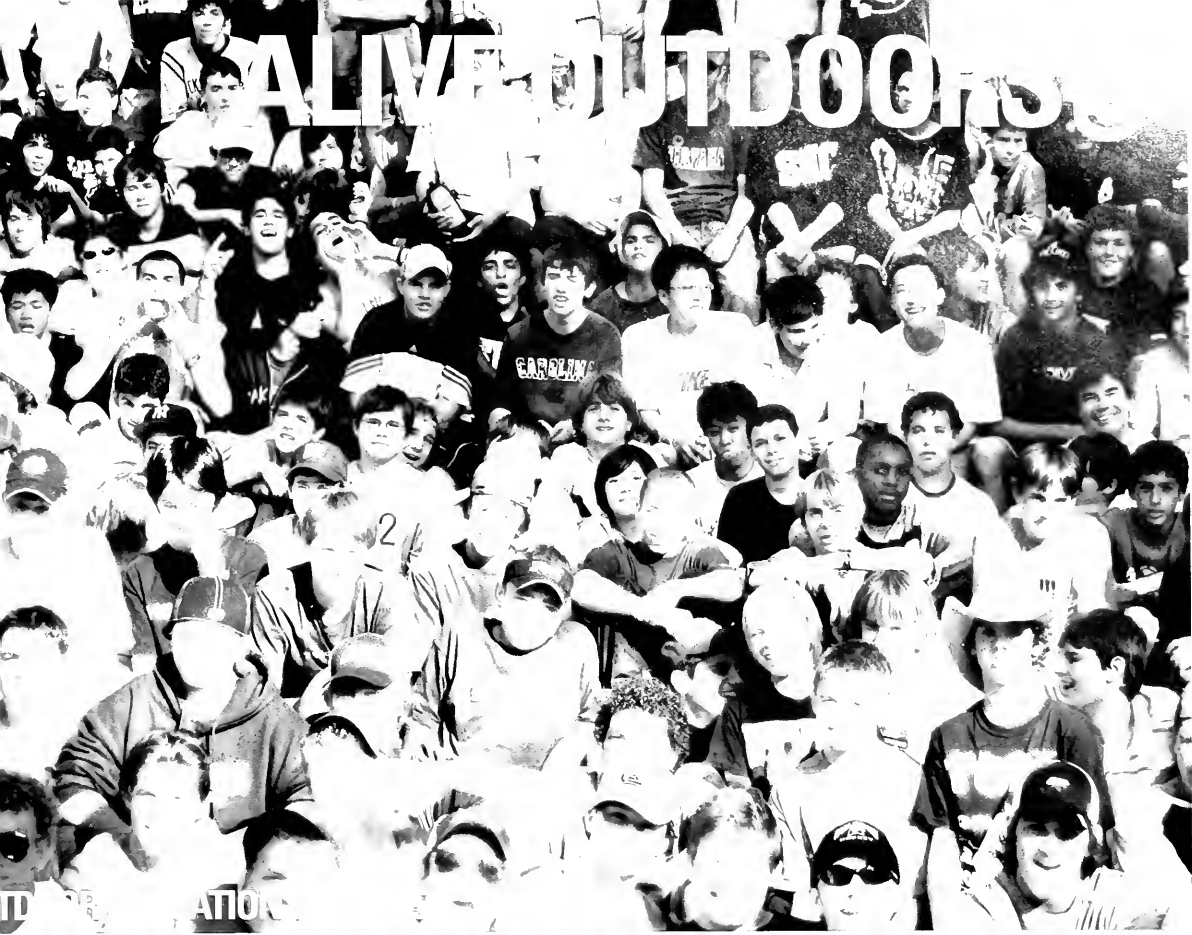

# LIVE OUTDOORS

For a few days the grade seven students had the opportunity to spend the first days of the school year at Camp Wanakita in Haliburton and Camp Pinacrest in Muskoka. Led by senior SMC students, activities such as swimming, canoeing, kayaking and low rope activities were enjoyed by all. Everyone went home with new friends, a greater understanding of the value of teamwork, and a clear idea of leadership at St. Michael's.

# ALIVE OUTDOORS

OUTDOOR EDUCATION TRIP 200

the glorious days of summer  
 an end to the Grade 7's had an opportunity  
 to spend their first summer at  
 Michael's students at Camp Muskoka.  
 Muskoka. While enjoying activities  
 such as early morning swims, canoeing,  
 kayaking, low ropes, and archery,  
 they were on the zip lines, they were  
 given the opportunity to meet their  
 classmates. For many of the students,  
 this was an awe and sensory experience  
 that was integrated into the camp. The  
 camp was truly a memorable experience  
 and during this week the students learned  
 to work together, appreciate each other's  
 strengths and talents, and develop  
 bonds and ties that will last throughout  
 the years that follow.

In April 2006, SMCS revived the old school tradition of the walk-a-thon. The last SMCS walk took place in the early nineteen-seventies. The 2006 walk covered a route of approximately 12 long and tough km's throughout

ets and parks of downtown Toronto. The walk raised in  
ess of \$45,000! Funds were split between two charities:  
e the Children and Canadian Food for Children. Good  
was had by parents, students, and teachers alike!

# ROCK NIGHT

Once again, the SMC cafeteria was transformed into an all night rock club as your SMC Student Government proudly presented ROCK NITE. All in all 7 of SMC's top bands came together to make the evening a success, including: The Collars, Late Night Conversations, Peripheral, Harley Quinn, eXpo, Gongshow, the infamous Michael Parsons Project, and the night closed with the calm and soothing acoustic ballads of Luca Martella. ROCK NITE was a night enjoyed by all who attended and these bands should look forward to a future in the biz.

# JANUARY

[soundclick.com/akakaaka](http://soundclick.com/akakaaka)

I CAN'T BELIEVE IT!  
Cut six years in a row!

NO! cool bra.

I heard your Nonna  
makes pasta from a  
can.

too high?  
hahahahahahahah

Cam, you made the  
hole too high.

# FEBRUARY

To be or not to be...

Edwardo, what are  
you talking about?

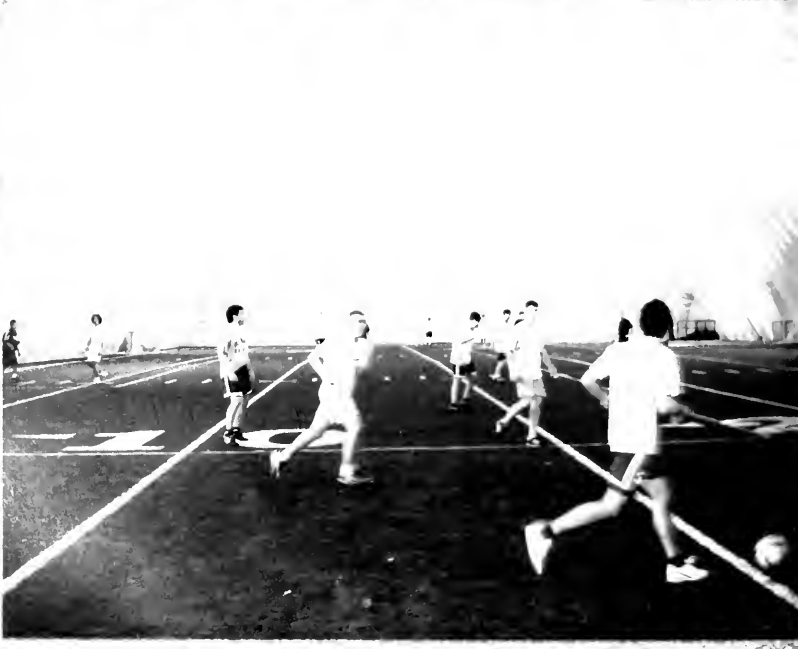

Man, I wish Zoe  
was still here...

MARCH

# APRIL

MAY

They're almost as good as the Boston Symphony

Not quite Paul, not quite.

She's a brick house

Windows!

OSX!

Linux!

# JUNE

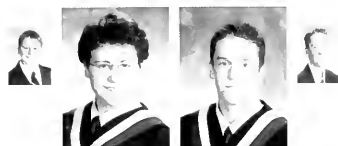

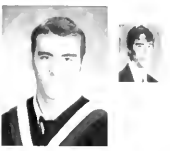

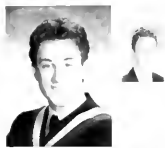

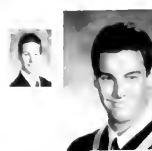

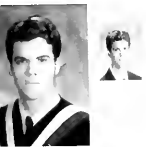

Jullian Apoco and his date relax after a night on the dance floor

# THE DOUBLE BLUE BALL

The culmination of every graduating student's high school years is celebrated at their year-end grad formal. Here's a time when all students get to relax with friends and reap the rewards of all their hard work through out the years. This year's Double Blue Ball was no exception. Big thanks to the Student government and all the teachers involved in the planning and execution of the events. The night wouldn't have been possible without all their help. One of the highlights of the evening was the Mark Froment vs. Pierre Froment freestyle rap battle in the parking lot afterwards. The night was truly one to remember.

Luca Martella enjoys a joke with his date, P.V.

Rob Sweeney and his girlfriend take in the outdoor scenery.

# THE YEARBOOK STAFF

2005 & 2006

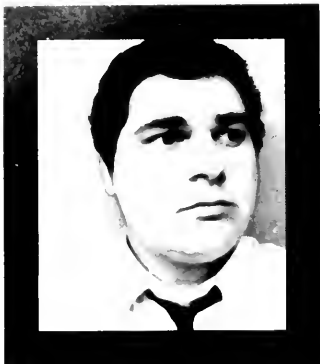

# THOMAS CATTANA

EDITOR-IN-CHIEF, LAYOUT, CONTENT COORDINATION

Being my first and only yearbook as editor-in-chief, I had no idea what kind of job I was accepting. The yearbook is a massive undertaking and near impossible to do alone, making anyone willing to do it without any compensation insane. In typical yearbook write up fashion, I would like to thank the people that helped make this book come into realization. David and Paolo; your official titles changed almost every day but the amount of work you did always remained the same. Joey and Grant, thanks for coordinating and taking the photos for the book. Francesco; you took this photo of me, and for that I'm grateful. Shawna, I probably would still have been working on the school newspaper if you hadn't suck me into working on the yearbook two years ago. This book is the constant reminder of good times had at St. Mike's, so cherish it.

# JOEY ZENTIL

PHOTOGRAPHY

So working on the yearbook was pretty fun. Tom is pretty cool, he knows a lot about macs. Macs are fun, they look cool, they work well. Also, I like cameras. So when I took photos and used macs to put them in the yearbook, it was like a math equation: Fun + Fun = More fun. Pretty much everyone in the yearbook office has super powers. Grant was like Mighty Mouse because he's small and 'Mighty'. Zenon was like Aquaman because he likes to swim. Tom was like Batman because he had these neat gadgets and stuff. Peter was like Wonder Woman because he was spawned by a Greek goddess on the paradise island of Themyscira. He was granted flight, incredible strength, speed, wisdom, and beauty. And finally, I see myself as The Phantom. He's pretty cool, he rides a horse and wears purple. He goes around yelling SLAM EVIL! Oh ya, I also wrote the comments for the Zinger candid photos. I don't like to blow up my own work, but it's pretty funny. My last bit of advice to everyone who reads this would be summed up in this quote: Fiction writing is great, you can make up almost anything. Ivana Trump.

# FRANCESCO CAMMISA

EDITOR-IN-TRAINING

And another year has gone by. Once again, the making of this yearbook has been a wonderful experience that has been shared with some of the best workers, funniest comedians, and great friends. The production of this yearbook has been anything but a joyride; instead, it has been a roller coaster ride of jobs, designs, write-ups, and so on. However, as each year goes by, it seems that the production of "The Tower" runs smoother and immense improvements are made. I hope that the St. Michael's community enjoys this sleek, crisp, and artistic yearbook as much as I do. Finally, I would like to thank Thomas Cattana (Borat/T-Cat/Tom), the editor of the Tower, for his determination and vast amount of work put into this difficult undertaking. Enjoy guys!

# SHAWNA KING

YEARBOOK CONSULTANT

Gentlemen, it's time we leave ridiculousness at the door!  
Shawnasm 2006

Things I've learned while working on the 2006 yearbook at St. Michael's College:

- 1) Never leave your computer password accessible to the general public in the yearbook office.
- 2) Good hair is indeed an invaluable asset in for any yearbook editor.
- 3) MSN is necessary form of communication.
- 4) Once a yearbook groupie, always a yearbook groupie (as returning alumni have proved).
- 5) Never leave your car keys in the ignition of your car.
- 6) Francesco Cammisa, the last of the original five, can never graduate ("and Stella Cammisa is still the world's best cook").
- 7) The 2006 Tower staff have embraced Toronto as a cultural melting pot.
- 8) Coffee time never gets old and the conversations never gets tired.
- 9) mshabababha... is a word.
- 10) Yearbook seems to be a brother thing. Joe and Francesco, Stephen and David, who's next?
- 11) Despite the physics of roller coasters, any ride erected in two weeks is sure to tempt fate... the night you almost died.
- 12) Thomas is an amazing multi-tasker, yearbook editor, PhotoShop Master, online dating service researcher.
- 13) The yearbook staff CAN work well with others.
- 14) I have managed to earn the respect and friendship of five fantastic young men and that is a VERY hard thing to do. Even if it gets left at the door every once and awhile.
- 15) I am very lucky to be a part of the process of putting together the St. Michael's College School Tower. Year after year I have worked with an amazing group of students and Thomas, Francesco, Grant, David and Paolo are no exception. They have accepted me into their routine (however chaotic it may be) and make me feel like a part of the school. Their hard work and dedication to the yearbook is reflected on every page that is printed and they should be proud of themselves as I am of them.

...and gentlemen for another great edition of the SMC Tower and another round of memories to smile back on.

Shawnasm

## MICHAEL DE PELLEGRIN

MODERATOR

## GRANT GONZALES

PHOTOGRAPHY

I believe this is yearbook number three. Yet again, I am taking pictures. I've taken more than I can remember... most of the group photos, school activities and events, and of course, the random everyday school photos. It has been a fun year, and definitely busy year in the Yearbook Club. Tom and Francesco working hard, while Pusateri and Demedici do something for the yearbook (I just don't know what!). This yearbook is another success. And now, there's one more left for me!

## DAVID DE MEDICIS

EDITOR-IN-TRAINING

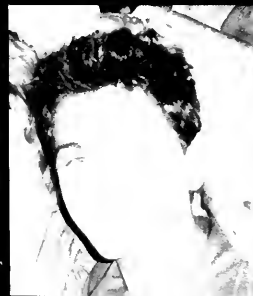

It has been a long and rather challenging year of "year-booking" for the 2005-2006 Tower team. Nevertheless, as always, the Tower has been completed, shined up, polished, printed and is now in your hands. I wanted to congratulate Thomas for putting out his first yearbook, and to the rest of the members for a job well done. I now have been a part of the Yearbook Club as a full member for the past year. I had to pass numerous amounts of tests and initiations just to get into the club. My job is usually to do random tasks like scanning, running down teachers for pictures and info, and the layout. It's extremely fun working on the yearbook and being in the yearbook office, where there have been millions of memories, both good and bad, and there will be millions more in the future. Thanks to Thomas, Francesco, Paolo, Grant, and Joey for an amazing year. See you all for the next book!

## PAOLO PUSATERI

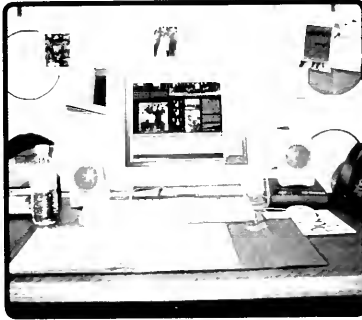

INTERN

This year, my first year at The Tower was very exciting and interesting. As The Assistant and PR Manager, I undertook many tasks and challenges involving hard work and an open creative mind. Being The Assistant, I was responsible in helping the other Tower Staff with their project loads and thinking of new creative ideas that could enhance this edition of The Tower. What I especially enjoyed was being able to give my input, making changes, and critiquing the projects. My role as the PR Manager, involved interacting with St. Mike's staff and students. Asking for people's opinions or going to teacher's for write-ups for trips and events was my main responsibility. As I look back on the year, I think of the hard work put into this yearbook, but most of all I remember the fun times, great memories, and stories that the Tower Staff all share. Everyday at The Tower is fun-filled, exciting, and very very funny. Each day more ideas are brought to the table and we work as a group to bring you the best yearbook possible. Enjoy!

# The office

The yearbook office as it existed from February 2005 until July 2006. This is the single reason that we are the envy of every student in the entire school.
